PETITION TO RESET PERIOD FOR REPLY,  
IN VIEW OF LATE RECEIPT OF OFFICE  
ACTION, PURSUANT TO MPEP 710.06(I)

U.S. Patent and Trademark Office  
2011 South Clark Place  
Customer Window  
Crystal Plaza Two, Lobby, Room 1B03  
Arlington, Virginia 22202

S i r :

1. On December 29, 2004, Applicants received an election of species requirement with a mail date of February 25, 2004. Thus, at the time of receipt, it was already too late to respond, even with a five month extension of time.

Pursuant to MPEP 710.06(I), Applicants request that the period for reply be reset to run from December 29, 2004. In support of the petition, Applicants enclose (1) a copy of the front page of the office action, bearing the date stamp (Ex. A), (2) a copy of the relevant page of the Browdy and Neimark incoming PTO mail log (Ex. B), and (3) an explanatory declaration executed by Erin Geraghty, who supervises the mailroom staff.

While it may not be evident from the copy, the original of the office action clearly has an address label pasted over the original address, and it is possible to see through the label and see that the office action was originally mailed to Counsel's old address at 419 Seventh St. We presume that the office action was

USSN - 09/623,426

returned to the PTO as undeliverable, that a PTO clerk applied the label (the correct address already being known to the PTO as explained below), and remailed the action to our correct address at 624 Ninth St., but that the PTO inadvertently failed to note the new mail date on the re-mailed action.

Reviewing the file, we see that the national stage fee was paid on September 5, 2000, and that our application transmittal letter bore our current address of 624 Ninth St. A Notification of Missing Requirements was mailed to that address on March 8, 2001.

We responded on March 26, 2001, submitting a 1.63 declaration. That declaration cited our old address of 419 Seventh St.

Consequently, on April 3, 2001, we filed another response to the NMR, enclosing another copy of the declaration, as well as an application data sheet (Ex. C). The latter indicated that correspondence should be directed to customer number 001444, with which our correct address was and is associated. The transmittal sheet (Ex. E) indicated that the ADS "corrects certain information on the declaration". Note that under 37 CFR 1.76(d)(2) in the event of an inconsistency between simultaneously submitted declaration and ADS, the ADS controls vis-a-vis most matters, including the correspondence address. A copy of our postcard receipt for the ADS is enclosed as Ex. D.

On May 6, 2001, we were mailed a notification of acceptance, which was directed to the correct address. However, since then, several papers have inexplicably been mailed to 419 Seventh St.: (1) the restriction mailed November 91, 2002, (2) an action on the merits mailed April 10, 2002 but remailed, to the correct address, on May 12, 2003, the period reset without any action on our part; and (3) the action complained of here, also remailed to our correct address but without a reset.

USSN - 09/623,426

It is evident from the remailings (2) and (3) noted above that the PTO is well aware that the correct correspondence address for this case is the one presently associated with customer number 001444, per our April 3, 2001 ADS.

We don't know why the erroneous address keeps creeping back, but we beseech the PTO to correct all relevant records so that future actions are mailed to the correct address per customer number 001444. That address is presently 624 Ninth St., N.W., Washington, D.C. 20001.

Respectfully submitted,
